

#StayHome with Guess My Age

30th March, 2020

- *Stay Home with [Guess My Age.net](#), the internet's #1 age guessing website.*
- *Over 50,000 members and 11 million guesses have been made.*
- *Set up in 2005 by a teenage entrepreneur with £30.*

Guess My Age.net is helping those who are working from home and coping with boredom. Our addictive age guessing game can be played alone or around a screen with the family.

For nearly 15 years Guess My Age.net has helped people answer the question, '[How old](#) do I look?'. Simply upload your photo and real people will try to guess your age. For the less brave you can guess the age of our members' photos.

With over 50,000 members and over 11 million age guesses made, it's fair to say Guess My Age.net is popular. It really should carry a health warning – Age guessing is addictive!

Guess My Age.net was set up in 2005 by then young internet entrepreneur Thomas Etherington, aged just 15 with a small, £30 pocket money investment. Since then Guess My Age.net has been a financial success through the sale of premium features and paid advertisements.
